

INTERNATIONAL DRONE SHOW 2024

Join us at one of Europe's biggest drone events

Want to be part of one of Northern Europe's biggest drone events? Secure your ticket now for International Drone Show 2024 in Denmark.

See new drone technologies in action, network, and hear experts from Europe's drone industry share new industry insights and research knowledge— all at the International Drone Show on **29 May 2024** at HCA Airport in Odense, Denmark.

The annual conference and expo event is a unique meeting place for the drone industry, researchers and end users – from the commercial and public sector, including defence – to discuss the latest drone innovations, explore new application potential and learn about Denmark's drone ecosystem.

Conference themes: Legislation & cooperation, Defence, security & the Arctic, Industry use cases & new technologies, and Research.

The event features:

- ✂ Talks and panelist discussions covering industry themes
- ✂ Live flight demonstrations
- ✂ Expo area showcasing the latest drone solutions and research
- ✂ B2B matchmaking event – book 1:1 meetings in advance
- ✂ After-show networking dinner
- ✂ Several pre-events for international companies on 28 May

Explore Denmark's drone ecosystem – and find new opportunities for your company

Denmark's unique drone infrastructure and thriving ecosystem offers a range of benefits for drone companies

UAS Denmark Test Center strives to offer the best possible conditions for startups, companies and public authorities within the drone industry – as well as access to state-of-the-art test facilities and an ecosystem of the highest calibre. Also at the airport is SDU UAS Test Center, which offers companies, researchers, partners and engineering students access to laboratories and test areas.

- ✓ 1,900 Km2 of restricted airspace
- ✓ BVLOS capable airspace
- ✓ Cutting-edge test facilities

Drone companies in Denmark can get help from the national cluster organisation, Odense Robotics. Whether you want to network with other drone specialists, meet potential partners, access funding to develop your technology or develop your business plan, Odense Robotics can offer a wide range of support to help your drone company grow and innovate.

- ✓ Thriving ecosystem with close collaboration
- ✓ Network with peers and partners
- ✓ Get help to develop your drone tech and business

The International Drone Show is arranged by Odense Robotics and UAS Denmark International Test Center.

As part of the International Drone Show Enterprise Europe Network will host a B2B matchmaking event, which offers all participants the possibility to connect with potential business or project partners via pre-scheduled 1:1 meetings.
